Dr. Ranjeeta Kakoti
Mr. Bhargab Das

from the Editor's Desk

Publication of "KHABARNAMA", the annual newsletter of Dr. B.K.B. College, Puranigudam, is a healthy practice of the institution continued for the last sixteen years, which highlights the remarkable activities and performance of the college. We are committed to generate quality education to all the sections of the society at an affordable cost since its establishment with our limited resources. "KHABARNAMA-2 022" is an honest effort to project the journey of the college through different activities/events organized, and the progress and achievements of the college during 1st July, 2021 to 30th June, 2022.

With regards
Abharati
(Dr. Abinash Bharali)
Editor, Khabarnama

**NEP 2020 and
Challenge before Rural Colleges**

The Government of India has adopted the National Education Policy (NEP) 2020 and has been working on institutional level for implementation of the policy. In the meantime, the Government of Assam has declared that NEP 2020 will be implemented in the state from 2023 academic session. In this regard, the Assam government has been carrying out discussions with different agencies responsible for planning and implementation of the policy in the state.

NEP 2020 is a revision and revamping of all aspects of the education system. Its main objective is to achieve full potential, developing an equitable and just society, and national development. For achieving its goal, NEP 2020 proposed to change both the present structure and content of school and higher education, and give more emphasis on vocational, online and distance education. In the higher education sector it is also going to see major structural changes in the next few years. With these changes, Higher Education Institution (HEI) is going to face various challenges while implementing the NEP 2020. Particularly, colleges located at rural areas are going to face few challenges.

NEP 2020, the present college system is defined as Autonomous Degree Granting College which will be a large primary institution of higher learning that grants bachelors degree and primarily focus on undergraduate education as per the provisions of the NEP 2020, such as rural colleges will aim to have 3000 or more students. Interdisciplinary and multidisciplinary- these two aspects of future education emerge as big challenges before the rural colleges as NEP 2020 is implemented. Many colleges located in rural areas of Assam do not have large number of students. Higher secondary classes will be withdrawn under the NEP 2020 scheme, these colleges may face a challenge of not having enough students. On the other hand, overwhelming majority of colleges in Assam are not multidisciplinary as defined by NEP 2020. To open new courses, disciplines etc., a college needs financial resources and rural colleges do not have enough resources and rural colleges do not have enough land to invest in such activities.

Some of the key aspects are the primary concerns for rural colleges under NEP 2020. If these concerns are not addressed by the concerned colleges and different agencies responsible for higher education sector in Assam, it will be very difficult for rural colleges to survive after the NEP 2020 is implemented. After the implementation of the NEP 2020, the colleges will be assessed by the National Accreditation Councils (NAC), a new arrangement under NEP 2020. A new system of graded accreditation, for granting grades based on level of quality of the colleges.

Dr. Monoj Kumar Nath
Principal
Rupani College
Rupahi, Nagaon

**A few words
from the Principal**

Since its inception Dr. B.K.B College has been playing the role of an academic leader in greater Puranigudam area. The people of the area always look for their path to be lighted by the college which has been doing so in its more than fifty years of existence. With this track record the college will certainly march forward. Yearly news bulletin of Dr. B.K.B College viz., Khabarnama has been being published regularly showcasing the progress of the institutions in all aspects. Without exception every bit of important information of the college is given a space in it. This yearly documentation under the Internal Quality Assurance Cell (IQAC) is very vital and reliable record of information. In all matters for verification and validation this news bulletin named Khabarnama is always referred. In near future we can make this bulletin half yearly for better record of activities and progress made by the College.

The 2022 was a very remarkable year for Dr. B.K.B College. During the NAAC AQAR session 2021-2022 our college was very productive academically. All Cells and Committees of the college were active and apart from normal teaching-learning process many extension and outreach programmes were organized and conducted in tune with vision and missions of the college. Third cycle of NAAC Assessment and Accreditation of the College is going to be complete by the end of this very year. This was possible due to lot of hard work by all members of the College Staff, and support and cooperation by all stakeholders in one way or other. This is the good sign of a Higher Education Institution (HEI) in rising mode with good symbiotic relations.

New challenges are coming to every HEI of our country in the face off of the competitive global education sector. The Government of Assam in its recent Cabinet Meeting decision has approved the 4 year UG-PG model in lines of New Education Policy 2020. Now it is the responsibility of all HEIs to implement this decision of the Government in lines of NEP 2020 in spite of all existing financial hardship and other limitations they have been going through. The Government should give immediate attention to address the problems of the HEI for proper implementation of NEP 2020. Otherwise NEP 2020 is going to be an unbearable burden for majority of the provincialized Colleges of Assam. Then implementation of NEP 2020 will not be possible in letter and spirit from the beginning i.e., from 2023 itself.

With best wishes to all members of the College family,

Dr. Nipen Chandra Das

A BRIEF PROFILE OF DR. B.K.B. COLLEGE:

1. Establishment Year: 1967
2. Type of the College: Affiliating College
3. Affiliating University: Gauhati University
4. The College was recognized under section 2(f) of UGC Act, 1956 on 10th March, 1992 and it is receiving assistance from UGC and other Central sources in terms of rules framed under Section 12-B of UGC Act, 1956
5. Education Type by Gender: Co-Education
6. 1st Cycle of NAAC Inspection: 4th November, 2004
7. 2nd Cycle of NAAC Inspection: 27th March, 2011
8. Total No of Programmes offered by the College under CBCS Curriculum: 10
9. Total Area of the Campus: 2.45 Acres
