

Automation of Central Library using Integrated Library Management System (ILMS)

Dr. B.K.B. College, Puranigudam, Nagaon

The college library of Dr. B.K.B. College is enriched with nearly ten thousand volumes of texts and reference books of eminent authors. The reference books of various kinds have definitely improved the quality of the library. National and regional newspapers, journals & periodicals are available for the use of the students along with a spacious reading room. The library has been digitalized under the scheme of INFLIPNET. The library accesses e-journals, e-book through N- List.

There is also a Book Bank especially for the poor students in order to provide text books for the entire session. On receiving application a panel of selectors will consider the eligibility criteria and then finalize the list of beneficiaries.

The Central library automation process was started for the first time in 2010 with SOUL 1.0 version (Software for University Libraries). The software was provided by INFLIBNET centre, Ahmedabad for free of cost. It is a user friendly software developed to work under client server environment. Cataloguing Module, Circulation and OPAC Module has been started and book transaction done through automation.

In the year 2012, update version 2.0 SOUL has been installed equipped with two data base: Book Database and Library User Database. Almost all the books (text and reference) are catalogued and user's information updated. The library, with this software can implement Cataloguing, Circulation, OPAC and Administration Module. **The nature of current automation is done partially.** The institute has already applied for requisition to INFLIBNET, Ahmedabad for SOUL 3.0.
