Dr. B.K.B. Memorial Annual Lecture by Pradip Khataniar
on November 6, 2019

'Golpakatha': A unique programme of storytelling conducted by noted short story writer
Atanu Bhattacharya and classical singer Mitali Dey on November 30, 2019

Dear Readers,

Publication of 'KHABARNAMA' the annual newsletter of Dr. B.K.B. College, Puranigudam, is a healthy practice of the institution continued for the last fourteen years. We humbly wish to share with you that the mission of Dr.B.K.B. College is to generate knowledge and develop cognitive abilities through well planned curriculum-extention interface, to inculcate values and preserve socio-cultural identities, ensure equal development and to foster a sense of belongingness to the community and Nation as well. With limited course of study and limited infrastructure and digital facility the college proceeds towards achieving its goal with extention activities incorporated with academic programme. 'KHABARNAMA 2020' is an honest effort meant to project the institution through its activities and progress, inputs and outputss, research ans extention works done in the session from 01/07/2019 to 30/06/2020. Hope to see data connecting you to the institution. With regard -

Jatin Sharma

Editor KHOBORNAMA 2020

LEADING THE WAY...

Dear Students

Welcome to the temple of learning and the gateway to higher education. The Covid 19 pandemic has badly impacted the education scenario. During the days of the pandemic, our students and teaching community have badly experienced the good and bad days of online teaching learning and even online open text book Examination. We are sad to see the sad plight of lakhs of class Ten and Class Twelve final students of our State who were debarred from appearing in the final exams and declared passed out with flying colours even without appearing in the final exams. We all know, it was out of compulsions arising out of the Covid 19 pandemic. Many of you may have the experience and passed through the same situation. But don't lose heart. You have enough talent to prove your real talent in the days to come, in the term and session exam and odd and even exams, assignment, seminar presentation, and practical exams. After the government of Assam has decided to re-open the educational institutions, after Covid restrictions are waived, the off-line classes are yet to be opened. And degree Sixth sem, fourth sem online exams are on the pipe line. The state universities in our State (along with the Central Universities) are gearing up for the new academic session. Today you have seen the process of online admission and registration at every step -from H.S. to Undergraduate courses. We are moving slowly as the situation is limping back to normal, we hope, our educational institutions will once again be buzzing with life and vibrancy. We will gradually shift to offline and physical classes, examination and other extra-curricular activities, cultural programme, field work, excursion, students' functions. But experts are of the opinion that the importance of online learning will still continue as before. And this proves to be true as the Covid 19 pandemic will continue to be grim and uncertain. Located on the bank of Kolong River amidst scenic natural beauty and ethnic mosaic of Puranigudam, B.K.B college is one of the most important institutions of learning in Assam. The college was founded in the year 1967 and it offers Degree major course on Arts subjects like Economics, Education, Political science, Sociology, Psychology, History, Geography, English, Assamese, and Commerce. We also offer Degree Major course in Commerce. To cater to the needs of the changing times, we have also opened new course like Certificate course in Performing arts in sattriya, Computer application, Project writing and B.voc courses in Information technology, Physical education, Performing arts, Cosmetology. For the benefit of the local aspirants, the college is running the centres of GU and KKHSSOU that offer various M.A. programmes. Today's world is full of challenges and tough competitions. Our world is for the talented and hard working young minds with strong determination and will. You can be one among the gifted and chosen few who can accept the challenges and stand strong in the face of tough competitions. Thus you can bring good name and laurels to yourself, your family, your place and your institution. NEP 2020 also brings lots of new opportunities and challenges. We need to gear up to take those opportunities and challenges. Necessary infrastructure facilities need to be provided for each student and required number of teachers made available. The young talents need to move cautiously under the leadership of the able teachers and parents. Then only the young talents and aspiring students will enjoy the fruits of equitable and inclusive education as envisaged under NEP 2020 and carry forward the agenda of sustainable development.

MESSAGE FROM THE DESK OF PRINCIPAL

The academic year 2019-2020 was very remarkable for our college due to few reasons. During this academic session COVID -19 pandemic prevailed in our country along with other countries of the world. So, academic loss of Higher Education Institutions (HEI) was enormous. Our college, Dr. B.K.B College, Puranigudam, a rural HEI also went through turbulences during this academic session, whole scenario of the country turned topsy turvey and same situation prevailed in the academic world as well. Offline mode of teaching learning evaluation process of HEIs metamorphosed into online mode with a single stroke of COVID -19 pandemic.

Secondly, the newly drafted National Education Policy (NEP) submitted by a panel led by former ISRO chief Krishnaswami Kasturirangan in 2019 was approved by the Union Cabinet of India in July, 2020. The NEP 2020 is going to usher in a new era in the field of education of the country. So, we have to face the challenges of change and reforms in the education sector of the country. This is a transition period for HEIs of the country and if we cannot cope with this period our survival of our institution in the cut throat competition will be tough.

Thirdly, Dr. B.K.B College also survived the COVID-19 pandemic situations equipping itself with ICT tools and new experiences of digital world. But it proved that online classes cannot be substitutes for offline classes for pedagogy in HEIs.

Sometimes bleak period of history also brings sign of hope. During this pandemic situations, a new course B.Voc approved by UGC and affiliated by Gauhati University was introduced at Dr. B.K.B College. It became a new feather in the cap of the college. But the success of this course will largely depend on financial assistance provided by the Central Government and response of the students to this course. Prospects of this course are still not clear to the students. The present government at the Centre has put lot of emphasis on skill development & Entrepreneurship. So we can rightly inspect that for sustenance of our B.Voc Course in Information Technology and Physical Education. We will get requisite financial grant for Central Government and adequate response from the students. With the hope of a bright future for our college and last wishes to the college family at this pandemic situations, I conclude my piece of writing here.

Principal.
